

Amendments to the Claims:

Please amend claims 1, 9 and 13, add new claims 18-22, and cancel claims 8 and 12. This listing of claims will replace all prior versions, and listings of claims in the application:

Listing of Claims:

1. (currently amended) A substantially non-aqueous liquid shampoo composition comprising at least one detergent, at least one **active antifungal** agent ~~incompatible with water~~, an organic bulking agent and shampoo excipients, said organic bulking agent being miscible with water and miscible with said at least one detergent wherein the water content is less than 20% by weight of said composition.
2. (original) A substantially non-aqueous liquid shampoo composition as claimed in claim 1 wherein said organic bulking agent is present in amounts greater than 20% by weight of said composition.
3. (original) A substantially non-aqueous liquid shampoo composition as claimed in claim 1 wherein said organic bulking agent is present in amounts greater than 50% by weight of said composition.
4. (previously presented) A substantially non-aqueous liquid shampoo composition as claimed in claim 1 wherein said organic bulking agent is selected so as not to affect foam formation of said composition.
5. (previously presented) A substantially non-aqueous liquid shampoo composition as claimed in claim 1 wherein said organic bulking agent is selected from the group consisting of polyethylene glycol and propylene glycol.
6. (previously presented) A substantially non-aqueous liquid shampoo composition as claimed in claim 1 wherein said organic bulking agent is polyethylene glycol of a molecular weight of 200-800.

7. (canceled)

8. (canceled)

9. (currently amended) A substantially non-aqueous liquid shampoo composition as claimed in claim **8 19** wherein the **pharmaceutical ingredient at least one antifungal agent** is **selected from the group consisting of** clotrimazole ~~or~~ **and** ketoconazole.

10. (previously presented) A method of topically treating a dermal infection or condition comprising the step of applying a substantially non-aqueous liquid shampoo composition as claimed in claim **1** to the skin or hair of a patient in need of such treatment.

11. (canceled)

12. (canceled)

13. (currently amended) A method of topically treating a dermal infection or condition as claimed in claim ~~12~~ **21** wherein ~~said~~ **the at least one** antifungal agent is **selected from the group consisting of** clotrimazole **and ketoconazole**.

14. (previously presented) A substantially non-aqueous liquid shampoo composition as claimed in claim **6**, wherein said polyethylene glycol is PEG 400.

15. (previously presented) A substantially non-aqueous liquid shampoo composition as claimed in claim **1**, wherein the water content is less than 15% by weight of said composition.

16. (previously presented) A substantially non-aqueous liquid shampoo composition as claimed in claim **1**, wherein said at least one detergent is selected from the group consisting of an alkyl sulphate, an alkyl ether sulphate, and a sulphasuccinate.

17. (canceled)

18. (new) A substantially non-aqueous liquid shampoo composition as claimed in claim 1, wherein the antifungal agent is an azole.
19. (new) A substantially non-aqueous liquid shampoo composition as claimed in claim 1, wherein the antifungal agent is an imidazole.
20. (new) A substantially non-aqueous liquid shampoo composition as claimed in claim 1, further comprising a foam booster.
21. (new) A method of topically treating a dermal infection or condition as claimed in claim 10, wherein said antifungal agent is an azole.
22. (new) A method of topically treating a dermal infection or condition as claimed in claim 20, wherein said antifungal agent is an imidazole.
